

“A Rider’s Story”

By Ernie Tate Adult Riders with MS

“Dream Riders has given me so much. Having MS not only gives you a physical hurdle it presents a self-esteem challenge. Thanks to the wonderful staff and giving volunteers I have received valuable physical therapy increasing my core body strength and a huge emotional lift. Having the feeling of bonding with a horse and the increase in self-belief from being able to guide this incredible animal always leaves me with a feeling of accomplishment. Even more uplifting is the encouragement from the caring staff and volunteers. They see and believe that I am an able person and not someone with a physical disability. These sessions are always the highlight of my week and I am so thankful for the opportunity that Dream Riders affords me.

Thank you Jennifer, Corky, and all the volunteers!”
